Re: Identification Number: C00004036
SEIU Committee on Political Education
July Monthly Report (6/1/98 - 6/30/98)

Dear Mr. Evans:

This is in response to your letter of September 9, 1998, regarding the Service Employees International Union's Committee on Political Education's ("COPE") July 1998 monthly report. With respect to your inquiry regarding the status of Local 1199 Political Action Fund, please be advised that Local 1199NUHCE recently affiliated with the Service Employees International Union ("SEIU"). By virtue of the union affiliating with SEIU, its political committee, the Local 1199 Political Action Fund, became an affiliated committee of SEIU's COPE. SEIU has already filed an amended statement of organization reflecting that the Local 1199 Political Action Fund is now an affiliated committee to SEIU COPE. I have been informed by SEIU Local 1199NUHCE that it will also file an amended statement of organization reflecting that its political committee has become affiliated with SEIU COPE, if it has not already done so.

With respect to your second inquiry, after Local 1199 Political Action Fund became an affiliated committee of SEIU COPE, it transferred \$770,714 to SEIU COPE. As you noted, that transfer was reported by SEIU to FEC. It is my understanding that, through oversight, the Local 1199 Political Action Fund did not report the transfer out but will file an amended report showing the transfer out.

With respect to your final question, it appears that SEIU has improperly designated contributions made to Miles Rapoport and to Charlotte Koskoff. The March 31, 1998, contribution of \$5,000 to Mr. Rapoport should have been designated as a convention contribution. In Connecticut, the Democratic Party has both a convention and, in some cases, a primary. The FEC considers the convention and the primary to be two separate elections with two separate contribution limits. We have already filed an amended report for March 1988 reflecting this. I have been told by Mr. Rapoport's campaign that it treated the March 1998 contribution as a contribution to the convention campaign.
